## DESCRIPTION OF BUSINESS

**Premier Accounting & Management** was organized to engage in the business of freelance accounting and Community Association Management services in Volusia County, Florida. The Company is owned and operated by Michelle L. Juras, CAM.

Michelle Juras began managing Condominium/Homeowners Associations in October 1994 in which she expanded her expertise in the accounting field in addition to obtaining the Notary Public designation. Between October 1994 through September 2000, her portfolio consisted of 22 associations containing approximately 1900 units. Over the past 15 years, she has provided accounting services for numerous companies in several different industries ranging from real estate sales/property management, food & beverage, construction, medical, retail sales, etc.

It became apparent that the need for professional, confidential, and experienced accounting practices was on the rise. With the rising demand and declining economy, business owners were faced with the task of acquiring freelance accounting services due to the expense of a full time accountant being unaffordable. In lieu of this, Michelle Juras decided to form **Premier Accounting & Management** to provide business owners with the peace of mind that all of their needs will be met with minimal effort on their part.

**Premier Accounting & Management** offers full and partial accounting service packages to accommodate every business owner's needs. Business owners can feel at ease with the professionalism and personalization provided to them on a daily basis in addition to the extensive knowledge in the management and accounting fields.
